We at Greengos Caribbean Cantina take great pride in our islands, we continually strive to go green or "greengo" as we like to put it. We believe ecoconsciousness is not a choice but a way of life. Greengos uses all biodegradable take out products including straws, cups, containers, bags and flatware in all of our cantinas. Our in house glassware is made from recycled glass and we have made our trays from remnant wood. We support local farmers and sustainable farming methods. We thank you for your patronage and promise to continue being greengos.  
VIVA LA CARIBBEAN!
